Israel the right way

*Come see Israel's Ancient Heartland with experienced, knowledgeable and friendly hosts. Your Bible will come alive as never before!*

Hosted by **Dr. Scott Stripling**

& **Aaron Lipkin**

Join Archaeologist, **Dr. Scott Stripling**, Director of Excavations at Shiloh, along with Israeli Bible expert, **Aaron Lipkin**, for 8 amazing days exploring rarely-visited sites across the ancient Biblical Heartland of Israel. In an age when the academic world denies the historicity of the Bible, believers must equip themselves with facts to counteract the trend of doubt and unbelief. Our exceptional itinerary will take you to important biblical sites, crucial for understanding the arrival of Joshua and the Israelites at the beginning of the conquest and settlement of Canaan as described in the books of Joshua, Judges, and Samuel. You will explore Bronze-age and Iron-age archaeological sites that prove the veracity of the biblical record. Dr. Stripling works with Associates for Biblical Research (ABR) and will also be directing the **2020 (Season 4) Dig of Tel Shiloh**. This work begins immediately after the **ISRAEL UNCHARTED TOUR** so if you wish, you can extend your stay and participate in this important and relevant archaeological dig.

**Planned Destinations:** Ancient Jericho, Tel Shiloh, (Gilgal) Footprints at Argaman and Rimonim, the Spring of Ein Samiya, Khirbet Marjame, Mount Kabir and the Tirzah Valley overlook, Mount Ebal and Joshua's Altar, the town of Ofra, Bethel, Kfar Etzion, Hebron and (Machpelah) the Cave of the Patriarchs, Iron-age Susya in southern Judah, Tel Beit Shemesh, Khirbet Qeiyafa, Tel Soocho, Tel Azeka, Tel Tsafit, many sites in Jerusalem including the Western Wall tunnels, Temple Mount and City of David. Friday night Shabbat dinner with Jewish families. Your choice of a FREE DAY in Jerusalem, or DAY TRIP down to the Dead Sea. Farewell dinner.
